# Ultima Crates Designed Scientifically

- Ultima Crates are made from 100% Virgin Food Grade Material and are resistant to Chemicals, Non-toxic and can withstand Temperature from -35 degrees to +80 Degrees.

- Ergonomically designed to give better and robust strength.
- All Crates are Stackable and Environmental friendly, Maintenance-free as are easy to wash and store.

Extra Ribs on length and width side both Vertically and Horizontally as we understand how Crates are abusively used in Industries.

In-built Card Holder in all Ultima Crates on both sides.

Button Bottom in all Crates to have extra strength.

In-built Handle to lift Crates from both width sides, to fully use 100% capacity.

Additional Corner Ribs on all corner.
