H9 RUCKSACK

This harness is an airbag harness that reverses into a rucksack and can be used both with a mini wing and a paraglider. The harness is simple, light and easy to use. Inflight comfort, thanks to a padded and ergonomic back, allows for many hours of entertainment.

With their superior quality high tenacity webbing, stainless carabinas, choice of sizes, total comfort and up to 30% longer life in sunlight the reason is simple!

This harnesses come with full colour coding and strong cordura covered padding for total comfort, and as standard a 6" (150mm) webbing seat pad. All of our webbings used are a thicker woven webbing than all other harnesses available worldwide. They come in size from XS to XXL.

SIT HARNESS

FULL BODY HARNESS

This harness is the first of a new generation of harnesses designed from the ground up for maximum comfort and performance. Torso buckles adjust easily, yet hold the straps firmly in place. Size (Medium and Large harness sizes also available), weight = 3.3 lbs

FULL BODY HARNESS

The harness is fully adjustable and in-corporate chest, back and shoulder support. Spring loaded stand-up back D-ring ensures fast, easy and safe connections. Polyester webbing construction for added durability.

HELMET

This high impact helmet is very comfortable. Made with a hard plastic outer shell and a soft foam inner pad. The Protec comes in four sizes to insure a good fit. S, M, L, and XL.

KNEE GUARD

Tough Nylon & Hard Plastic Combined For Maximum Knee Protection. Double layered Biofoam inner padding combined with a hard plastic knee cup. Adjustable Velcro straps backed with Neoprene for a non-slip, snug fit.

ELBOW GUARD

The wrist guards also an injection molded plastic guard and is held in place with three velcro straps. Made from durable, soft padded material with tough plastic plates, the Ice Skate Guards have wide straps ensuring your comfort and safety at all times.

DECK BAG

Large capacity kitbag made from heavy duty proofed nylon. 2 x Rucksack shoulder straps Facility to have a drawstring neck. Approx. 400 Litre Capacity

We offer 3/8" and 7/16" double braided, coated nylon towline. SIZE : 300' towline lengths are available.

TOW ROPE

Three-strand, twisted, 1/2 inch polypropylene rope. It floats and is bright yellow for added visibility in the water. It is available in any length with 200, 300, 400 or 600 foot lengths most popular for leisure use. New chutes come packaged with 300 feet the recommended maximum. If you think you may want more towline now or later, contact us.

PARACORDS

Its inner core is seven twisted strands surrounded by a woven nylon cover with a minimum tensile strength of 550 lbs. Great for camping, hiking, survival, kayaking, military, rafting or any outdoor adventure!

- 100% Nylon Kernmantle
- 7 Strand nylon inner core
- 32 Strand Woven Outer Shell
- 3mm Diameter
- Low Shrink and Stretch Factor
- UV Fade Resistant, Mildew and Rot Resistant

LEATHER GLOVES

Gloves can really give your outfit that finishing touch, and of course shield your hands from the terrible cold weather!

GOGGLES

Soft, durable, pliable and form fitting, making them extremely comfortable.

LIFE JACKET

Hovel life jackets designed for the more experience seafarers. are flat compact vest, which does not become buoyant until activated, manually or upon impact.

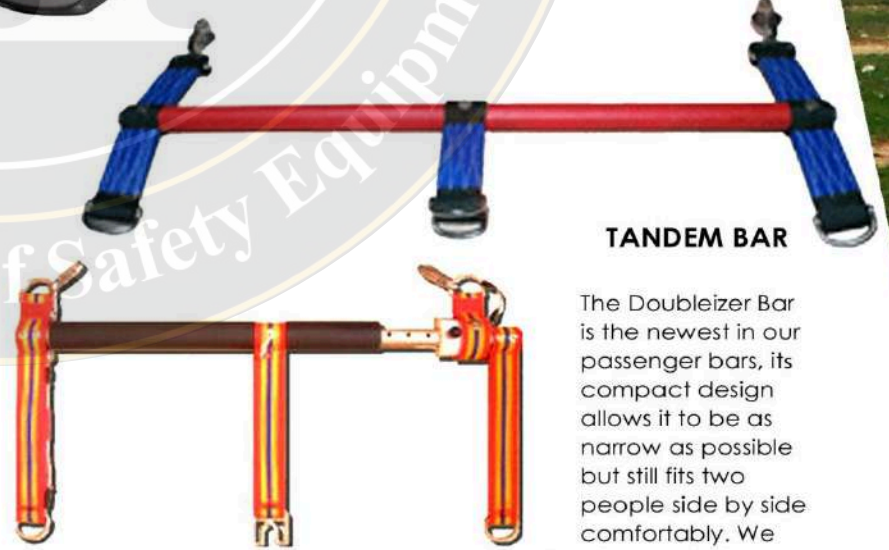

PORTABLE PLASTIC CHAIR
